

Make your trip really count... Become a Travel Companion!

Why do we need people like YOU?

Every year we home hundreds of deserving street dogs and cats. The majority of the time their forever homes happen to be in North America. The animals simply need an escort where they will be picked up in the arrivals section of the airport by their new family.

WITH YOUR HELP!

Here's what's involved...

If you are flying with any of our below airline partners & departing from either Puerto Plata (POP), Santiago (STI) or Samana (AZS), then you will be able to help us. Simply, email a copy of your full travel itinerary to joanna@dcdrontario.com

DCDR handles all of the accommodations for booking the pet reservations at zero cost to you. You simply need to show up for your departure flight and one of our volunteers will meet you with the animal(s) you are transporting and walk you through all the steps.
